

Parents of Juniors

I am writing to request any thoughts, feelings and knowledge of your daughter that you might be able to share with me. I will be using your thoughts to help write a more complete college recommendation for your daughter. Please include anything you feel is important for me to know about her and everything that makes you proud. If possible, describe one or two major events that have happened in her life and why you think they are significant. What are her strengths and weaknesses? How does she learn best? What would you want to be included in her college letter? Please include any special family situations, educational background, important medical history, traumas and/or enrichment opportunities she has had. Working together, we will write the strongest and most comprehensive recommendation for your daughter. Thank-you so much.
